# Class today

Hello all,

Last night was a disaster. Everyone is sick again.

I'm not going to be able to teach class in person today.

BUT I will be streaming class on: <https://www.twitch.tv/statsinthewild>

Please text and contact other people to let them know this is what is happening.

Cheers,  
Greg

I didn't post the 321 one because I didn't have the archive option in. The predictive one should be there.
